        "title": "Interviews & Group Discussions APIs",  
        "description": "Welcome to the API documentation for Mercer | Mettl's Interviews and Group Discussions. These APIs will allow you to seamlessly integrate your platforms and tools with our system, enabling the scheduling, conducting, and managing of interviews and group discussions. With these APIs, you can automate interview processes, fetch candidate feedback & scores, and manage sessions efficiently.",
